IFRS adoption

- 1. Financial statement figures shown in this presentation as of December 31st, 2017 were prepared in Colombian pesos (COP) under IFRS officially applied in Colombia since January 2015.*
- 2. Figures, originally in COP, which is the functional currency for the companies of Enel in Colombia, have been converted into US Dollars (USD) for presentation purposes. We have used the average Fx rate for 2017 (\$2.951,32 COP/USD) to convert all P&L, prices and cash flow figures, including those of previous periods, and the Fx rate as of December 31st, 2017 (\$2.984 COP/USD) to convert all balance sheet figures, including those of previous periods. This is in order to avoid any Fx effect in the percent variations among periods.*
