## **INTRODUCTION**

Issuers will report implementation of recommendations contained in the new Colombian Best Corporate Practices Code to the Colombian Financial Superintendence (SFC) with this Best Corporate Practices Implementation Report.

The purpose of this report is informing the securities market the implementation - or lack of - of the Code recommendations by each issuer. For this, three boxes - corresponding to YES, NO, and NA - are provided for each recommendation, as well as sufficient space to supplement the answer, as follows:

If the answer is YES, the issuer will briefly describe the manner in which such implementation was made. Otherwise, the issuer will explain the reasons for not doing it.

The issuer will only select NA in cases in which, for legal reasons, it is unable to implement the recommendation. In this case, accurately indicate the norm preventing it.

Since some recommendations consist of a number of specific issues, we must emphasize that they will only be considered implemented provided meeting all their individual aspects, unless the reason for not adopting some of them is legal, fact that should be mentioned.

Each recommendation is provided with a box to indicate the issuer's first implementation date. There will also be a box to enter modification dates.

Should, due to its nature, the issuer, not have the specific body the recommendation refers to, it will be understood making reference to the entity's equivalent body, or that acting in its stead.

**I. SHAREHOLDERS RIGHTS AND FAIR TREATMENT**

**Measure No. 1: Fair treatment principle**

1.1. The Company treats fairly all Shareholders that, within the same class of shares, are in the same conditions, without this involving access by some Shareholders to privileged information compared to others.

1.1 Implements the Measure                      YES     NO                       N/A                     

<p><b>YES. Explain briefly:</b></p> <p>Chapter 1, item 4, of the Code of Good Governance indicates that, except for conditions contained in the law and in the Bylaws, all Shareholders within the same class will have the same rights and obligations and will be treated fairly by the Company directors, legal representatives, statutory auditor, employees, officials, and collaborators. Additionally, it sets forth that directors, legal representatives, the statutory auditor, the employees, officials, and collaborators of the Company will provide and ensure fair treatment to Investors of the same class, which will have rights and obligations contained in the respective debt agreements and in the law.</p>

**Measure No. 3: No capital dilution.**

3.1. Regarding operations that could result in the minority Shareholders' capital dilution (in case of a capital increase involving a waiver to the preemptive right during share subscriptions, a merger, a spinoff, or a segregation, among others), the Company explains them to the Shareholders in detail in a previous report from the Board of Directors, with an opinion regarding the transaction terms from a recognized independent external advisor (fairness opinion), appointed by the Board of Directors. These reports are available to the Shareholders prior to the Assembly meeting, within times considered for such inspection right to be exercised.

3.1 Implements the Measure YES  NO  N/A

**YES. Explain briefly:**  
Article 11 of the Board of Directors Regulation indicates that in operations possibly leading to the minority Shareholders' capital dilution, the Board of Directors will retain an external advisor to provide the necessary supporting evidence to make decisions, the respective report being made available to the Shareholders sufficiently in advance for them to exercise their inspection right.
