**SIGNING OF AGREEMENTS THAT GIVE RISE TO MATERIAL FINANCIAL OBLIGATIONS**  
**DECEMBER 23, 2025**

Enel Colombia S.A. ESP informs that on December 22, 2025, it received the disbursement of a loan signed with Banco Davivienda, for an amount of COP \$660,000 million pesos, with a term of five (5) years with quarterly interest payment and amortization at maturity.

The resources from this operation will be used for the total prepayment of two current financial obligations with another entity, which add up to COP \$660,000 million pesos.

The contract contemplates the standard default events for this type of financing, which could lead to the acceleration of the credit. Likewise, the contract does not contemplate mechanisms of repetition against third parties.
